# GC Connect

Effortless compliance for prevailing wage general contractors.

**GC Connect** is the first and only platform that gives you the ability to manage the compliance tasks of all your subs. No more being caught off guard by disorganized subs, missed deadlines or endless calls and emails to track down reports!

**GC Connect** gives you insight into the compliance workflows of all your subs, on every project, in a single, user-friendly platform.

View, request, approve and reject reports from subs

View alerts and activities by project or sub

Send reminder emails with a single click

Communications hub to talk to all your subs from a single platform

Get notifications to stay ahead of reporting

## Why GC Connect?

You're responsible for the compliance of your subs, but you don't have the ability to see how they are handling their responsibilities. GC Connect changes everything, allowing you to see and manage the compliance tasks for every sub, on every project.

- Stop chasing subs for compliance reports
- No more manual verification and calculations
- Get peace of mind knowing you haven't missed a thing

---

## Easily track compliance reports

- ✓ Certified payroll reports
  - ✓ DAS 140/142
  - ✓ Union Reports
  - ✓ Workers Comp Certificates
  - ✓ Deduction Authorization
  - ✓ GL Certificates
  - ✓ And More
- 

Don't let a disorganized sub cost you – use GC Connect to stay on top of it all.
